

## Green-e Marketplace re:print Membership Fee Schedule for Printers

Participants in the Green-e Marketplace **re:print** program pay an annual certification fee determined by organization type and gross annual revenue. The annual certification fee includes all certification services and license to use the Green-e logo.

Through the re:print program, printer participants may also apply the Green-e logo and associated claims statement to a customer's printed materials, by using a certified Green-e Marketplace Paper Line from the list provided on the re:print website (<http://www.green-e.org/reprint>).

Green-e Marketplace charges printer participants in the **re:print** program fees to cover the costs of delivering the program's benefits, license to the logo and its administrative costs. Grants from charitable foundations also allow Center for Resource Solutions (CRS) to keep the program affordable for all participants, and to assist with program development.

### Corporate Organizations:
