November 7, 2007

Gerry Dameron  
Clean and Green  
1919 14th Street, Suite 501  
Boulder, CO 80302

[BY CERTIFIED MAIL, FACSIMILE AND ELECTRONIC MAIL]

Dear Mr. Dameron,

This letter serves to notify Clean and Green that effective today, November 7, 2007, your certification contract with the Green-e Renewable Energy Certification Program for *Clean and Green RECs* is terminated.

Clean and Green must immediately stop using the Green-e logo in any reference to the *Clean and Green RECs* product and refrain from making public reference to Green-e certification of *Clean and Green RECs* in your marketing and other materials. This applies to any *Clean and Green RECs* materials, including but not limited to the marketing materials and web site. Green-e staff will review the Clean and Green web site to ensure all certification references are removed from *Clean and Green RECs* information.

Per the Green-e Code of Conduct Section IV.11(c), it is required that Clean and Green take the following actions:

*Notify customers in writing if the Green-e certified product they are purchasing (1) loses Green-e certification for any reason, or (2) the Company decides to opt out of the Green-e Program, clearly state that the Green-e Certified product they are purchasing is no longer Green-e Certified; and (3) provide these customers with the Green-e website, www.green-e.org and toll free number, (888)63-GREEN, with instructions that the customer can find alternative Green-e certified products through the Green-e website and toll-free number.*

Please send evidence that you have notified your customers of termination of Green-e certification for *Clean and Green RECs*.

This contract termination does not dissolve your responsibility to fulfill you contractual obligations to CRS during the time this contract was in force. In order to preserve the Green-e certification of *Clean and Green RECs* sold in 2006 and 2007 up to the point of contract termination, Clean and Green must complete the annual verification process for all 2006 sales of *Clean and Green RECs* and for all sales of *Clean and Green RECs* in 2007 up to the point of contract termination. You will receive the necessary verification materials for 2007 sales in early 2008. Termination of this contract does not absolve you of your

legal responsibilities under federal and state law to provide your customers the services and products promised.

Should you have any questions regarding the verification process, please contact Alex Pennock at 415-561-2100.

Sincerely,

  
Jan Hamrin  
President  
Center for Resource Solutions
